

such conflict. Rules of Practice concerning such a hearing will be adopted by the Deputy Administrator.

[48 FR 54580, Dec. 6, 1983, as amended at 59 FR 67608, Dec. 30, 1994]

§301.64-7 Assembly and inspection of regulated articles.

(a) Any person (other than a person authorized to issue certificates or limited permits under §301.64-5(c)), who desires to move interstate a regulated article accompanied by a certificate or limited permit shall, as far in advance as possible (should be no less than 48 hours before the desired movement), request an inspector⁷ to take any necessary action under this subpart prior to movement of the regulated article.

(b) Such article shall be assembled at such point and in such manner as the inspector designates as necessary to comply with the requirements of this subpart.

[48 FR 54580, Dec. 6, 1983, as amended at 59 FR 67608, Dec. 30, 1994]

§301.64-8 Attachment and disposition of certificates and limited permits.

(a) A certificate or limited permit required for the interstate movement of a regulated article, at the times during such movement, shall be securely attached to the outside of the containers containing the regulated article, securely attached to the article itself if not in a container, or securely attached to the consignee's copy of the accompanying waybill or other shipping document; *Provided however*, That the requirements of this section may be met by attaching the certificate or limited permit to the consignee's copy of the waybill or other shipping documents only if the regulated article is sufficiently described on the certificate, limited permit, or shipping document to identify such article.

⁷Inspectors are assigned to local offices of Plant Protection and Quarantine which are listed in telephone directories. Information concerning such local offices may also be obtained from the Animal and Plant Health Inspection Service, Plant Protection and Quarantine, Domestic and Emergency Operations, 4700 River Road Unit 134, Riverdale, Maryland 20737-1236.

(b) The certificate or limited permit for the movement of a regulated article shall be furnished by the carrier to the consignee at the destination of the shipment.

§301.64-9 Costs and charges.

The service of the inspector shall be furnished without cost. The U.S. Department of Agriculture will not be responsible for any costs or charges incident to inspections or compliance with the provisions of the quarantine and regulations in this subpart, other than for the services of the inspector.

§301.64-10 Treatments.

Treatments for regulated articles shall be one of the following:

(a) Apple, grapefruit, orange, pear, plum, pomegranate, quince and tangerine:

Cold treat the fruit according to one of the following:

18 days of 0.55° C (33° F) or below
20 days at 1.11° C (34° F) or below
22 days at 1.66° C (35° F) or below

(b) Soil within the drip line of plants which are producing or have produced fruits listed in §301.64-2(a):

Host fruits must be removed from host plants prior to treatment.

Material: Diazinon

Dosage: Apply five pounds a.i. per acre (0.12 pounds or two ounces avdp. per 1,000 square feet)

Method: Soil drench using ground equipment. Apply with 130 gallons of water per acre (three gallons per 1,000 square feet) under hosts

Frequency/timing: Three applications at 14 to 16 day intervals as needed. Applications may be repeated if infestations become established.

In addition to the above, Diazinon must be applied in accordance with all label directions.

(c) *Premises.* A field, grove, or area that is located within the quarantined area but outside the infested core area, and that produces regulated articles, must receive regular treatments with malathion bait spray. These treatments must take place at 6- to 10-day intervals, starting a sufficient time before harvest (but not less than 30 days before harvest) to allow for completion of egg and larvae development of the Mexican fruit fly. Determination of the
